

BLAZE

years 5-6!

Wow, your child has been kids church age for 10 years!?

They've grown, changed, made friends...some friends who somehow even all talk the same way and want the same things.

No longer is high school a far off idea - Years 5/6 in Primary School is a time of some big final moments and some big changes in our kids' lives.

These years can go so fast... but at the same time cannot be dismissed as unimportant. In fact, statistically they are the most critical time in your child's faith. We don't just want Years 5/6 to be the final years of your child's time as a kid in church, we want it to be the BIGGEST, BEST and MOST IMPORTANT YET.

Building on the knowledge they already have of who Jesus is, Blaze is all about how we can set kids truly on fire for who He is as they blaze their own paths together.

When your kids have the opportunity to be passionate about so many things - we want them to be in awe of Jesus, have memorable encounters with Him and passionate about being a part of His tribe, the Church.

Our dream is that they would have better relationship with friends at church than they do at school - to know that they truly belong and have stability in a time where they need the right friends the most.

The end goal for us as leaders isn't just to give your kids the best experience until the end of Year 6, but to see every child excited and ready to transition to True North Youth with their tribe and new their connect leader!

We pray that what we are able to gift them with most is confidence in God, a knowing that their faith journey is just getting started and that the best is yet to come.

We pray that their passion for Jesus wouldn't just stop in their hearts on a Sunday but it would overflow in your child's own unique way, as together as a fun, close knit tribe they step out into the next season of youth!
