

years 1-4!

ABOUT OUR HEROES.

If we could do anything for our heroes of True North Kids, our school years 1-4, it would be to help them stand with confidence on who they are in Him.

When coming on a Sunday from a week of being in Primary School - craving attention from teachers or parents, having new interactions with friends; new responsibilities, good and bad experiences of school - when our Years 1-4s enter True North Kids, do they leave feeling like they are a Hero?

With their brains that crave to learn hear Bible stories in the room, are they left in awe and inspired by who they can be in Jesus?

Do they leave sure of God's power in their life?

In a time of life where our kids' confidence can so easily be built up or pulled down at school, more than ever do we want them to stand tall as daughters and sons of the King. As Heroes of Jesus.

With all of the things they will learn, want to learn and experience in new ways as they begin their time in Primary School - what matters most to us is how we best use this key time of learning to establish a foundation of faith for your kids.

We want to teach them the biggest variety possible of stories in the Bible and to have the most fun they've EVER had in True North Kids! Because we know that the experience in Years 1-4 really counts in their future memories of church.

Not only should these guys know they are Heroes with God on their side; they should know that them and their friends are heroes together.

We love the fun, the questions, the experiences we get to have with your Years 1-4s and we are praying that as they begin to unite as heroes together, that the relationships that are formed in them as a close-knit tribe will be the foundation of what sets their church experience apart as they grow older!
